

II. Key Indicator Data:

This section will capture an overview for the most recent reporting year as the program capacity and the total number of graduates employed.

III. Program Information:

This section will provide an opportunity for a brief description of the program, a list of potential career or continuing education opportunities, strengths and challenges; and plans for continuous improvement. (Please address program outcomes and assessment procedures.)

Key Terms for Program Review (subject to amendment based on VFA final measures):

Cohort: The group of students matriculated for the first time in this program of study as of October 15 each year.

Total Enrollment: Includes full-time and part-time degree-seeking students.

Graduation: This is determined to be the date of the first award received by the students within five years.

Transfer: This is the matriculation of a student in another 2-year or 4-year institution prior to graduation.

Changed Program: The student leaves the program, but enrolls in another program within the same institution.

Still Enrolled: The student continues to be enrolled in the program at the end of the period and has not yet received a credential.

Program Capacity: This equals the slots available to first year students in the fall of the year and enrollment of first year students in the program. Some programs (i.e. nursing) have a curriculum spread over two years, so their capacity reporting will vary.

Graduates Employed: The most recent class of graduates for which data is available.

Graduates Continuing Education: The most recent class of graduates for which data is available.
